Dear Residents/Family/Friends/Staff,

Summary of Changes Since Last Notice:

While unfortunate but not unexpected, an additional staff member has tested positive for Covid-19. We are reporting one (1) additional staff member who has tested positive. This brings our total active cases to one (1). The facility has had a cumulative total of six (6) confirmed Covid-19 tests associated with the facility to date. This staff member been placed on medical leave and removed from the schedule upon notification to minimize exposure risk to other Residents/Staff and will remain on medical leave until a physician certifies they are safe to return to work.

Action Plan.

Our new action plan will mirror state and local guidance to strategically test residents and staff through the contact tracing approach. Under this approach, we will identify all residents and staff that had close contact over the preceding seven days with the newly identified COVID-positive individual. Those identified will be tested to identify any potential exposure as soon as possible. Any subsequent positive test results will be communicated.
