Dear Residents/Family/Friends/Staff,

Summary of Changes Since Last Notice: We are reporting two (2) Staff members with confirmed positive covid-19 test. This brings our total active cases to fifteen (15). The facility has had a cumulative total of sixty-three (63) Staff and seventeen (17) Resident Covid-19 cases associated with the facility to date. The staff members have been placed on medical leave and removed from the schedule upon notification to minimize exposure risk to other Residents/Staff and will remain on medical leave until they meet the mandated criteria to return to work.

Action Plan: Our action plan will exceed revised state and local guidance. All Residents in the building will be tested for five days straight. Once we achieve zero positive covid-19 cases during a five-day period, we will transition to Resident testing every three days until we reach a total of fourteen days without any new Resident cases. ✨ We completed Resident testing today and observed zero new cases which puts us at day 3 of testing protocol. Unvaccinated staff are required to be tested twice a week and we will continue voluntary surveillance monitoring of vaccinated staff weekly. Any subsequent positive test results will be communicated.
