PLEASE READ THIS NOTICE CAREFULLY

Residents/Family/Friends/Staff,

We continue to receive inquiries regarding visitation and wanted to make a better attempt at clarifying.

Visitation has always been permitted during the internal spread covid-19 outbreak which began on 12/28/21.

- Our recommendation to limit visitation has been entirely prompted by the goal to safeguard the wellbeing of our Visitors, Staff, and Residents.
- Visitors who have felt comfortable entering the facility since this Covid-19 outbreak began on 12/28/21 have done so freely. A majority of our Visitors have chosen to postpone entering the facility out of concern for their own health/wellbeing, which is very much understandable.
- If you don't feel comfortable entering the facility, please share this with the Resident that you know. If you feel that they are having difficulty understanding why you made the decision you did, please contact Nursing or Social Services and we would be happy to try to help them better understand this delicate situation.

As always, if you have any questions please contact Heather Hefren hhefren@beechwoodhome.com (Director of Social Services), Scot Harmon sharmon@beechwoodhome.com (Administrator) and/or Patricia Clark pclark@beechwoodhome.com (CEO).
