

January 24, 2022

Summary of Changes Since Last Notice: We are reporting three (3) staff members (of which one is pending) and two Residents (of which both are pending) with positive Covid-19 results. This brings our total active cases to thirteen (13). The facility has had a cumulative total of eighty (80) Staff and twenty (20) Resident Covid-19 cases associated with the facility to date. The staff members have been placed on medical leave and removed from the schedule upon notification to minimize exposure risk to other Residents/Staff and will remain on medical leave until they meet the mandated criteria to return to work. The Residents are on isolation/droplet precautions and will remain in their private rooms until they have been medically cleared by the Physician/Medical Director.

Action Plan: Our action plan exceeds revised state and local guidance. Our testing protocol has been reset to day 0. All Residents in the building will be tested daily until Friday. Pending no additional Resident cases, we will sporadically test the Residents through day 14. Any new case will reset the testing protocol to day 0. Unvaccinated staff are required to be tested twice a week and we will continue voluntary surveillance monitoring of vaccinated staff weekly. Any subsequent positive test results will be communicated.
