Dear Residents/Family/Friends/Staff,

Summary of Changes Since Last Notice: We are reporting six (6) staff members with PCR confirmed Covid-19. This brings our total active cases to twelve (12). The facility has had a cumulative total of eighty-six (86) Staff and twenty (20) Resident Covid-19 cases associated with the facility to date. The staff members have been placed on medical leave and removed from the schedule upon notification to minimize exposure risk to other Residents/Staff and will remain on medical leave until they meet the mandated criteria to return to work.

Action Plan: Our action plan exceeds revised state and local guidance. We have successfully made it two days without any additional Resident cases. All Residents in the building will be tested daily until Friday. Pending no additional Resident cases, we will sporadically test the Residents through day 14. Any new Resident case will reset the testing protocol to day 0. Unvaccinated staff are required to be tested twice a week and we will continue voluntary surveillance monitoring of vaccinated staff weekly. Any subsequent positive test results will be communicated.
