

January 30, 2022 Update

Dear Residents/Family/Friends/Staff,

Summary of Changes Since Last Notice: We are reporting one (1) staff member (pending PCR) and one (1) Resident with PCR confirmed Covid-19. This brings our total active cases to thirteen (13). The facility has had a cumulative total of eighty-eight (88) Staff and twenty-one (21) Resident Covid-19 cases associated with the facility to date. The staff member has been placed on medical leave and removed from the schedule upon notification to minimize exposure risk to other Residents/Staff and will remain on medical leave until they meet the mandated criteria to return to work. The Resident is on isolation/droplet precautions and will remain in their private room until they have been medically cleared by the Physician/Medical Director.

Action Plan: Our action plan exceeds revised state and local guidance. Our testing protocol has been reset and we are now at day 2. All Residents in the building will be tested Monday-Wednesday with Rapid Antigen tests. Pending no additional Resident cases, all Residents will be PCR tested on Thursday and then sporadically tested through day 14. Any new case will reset the testing protocol to day 0. Unvaccinated staff are required to be tested twice a week and we will continue voluntary surveillance monitoring of vaccinated staff weekly. Any subsequent positive test results will be communicated.

If you have any questions, please contact Scot Harmon, Administrator, at 513-842-0774, sharmon@beechwoodhome.com.

Sincerely,

Scot Harmon (Administrator) & Patricia Clark, DM (CEO, Administrator)
