

February 11, 2022 Update

Dear Residents/Family/Friends/Staff,

Summary of Changes Since Last Notice: We are reporting one (1) staff member with PCR confirmed Covid-19. This brings our total active cases to three (3). The facility has had a cumulative total of ninety-two (92) Staff and twenty-two (22) Resident Covid-19 cases associated with the facility to date. The staff member has been placed on medical leave and removed from the schedule upon notification to minimize exposure risk to other Residents/Staff and will remain on medical leave until they meet the mandated criteria to return to work.

Action Plan: Our action plan exceeds revised state and local guidance. We are on day 8 of our Resident Testing Protocol. Pending no additional Resident cases, Residents will be tested on Monday and Thursday with an anticipated return to new normal date for Friday (2/18/22). Any new case will reset the testing protocol to day 0. Unvaccinated/non-boosted staff are required to be tested twice a week and we will continue voluntary surveillance monitoring of boosted vaccinated staff weekly. Any subsequent positive test results will be communicated. If you have any questions, please contact Scot Harmon, Administrator, at 513-842-0774, sharmon@beechwoodhome.com.

Sincerely, Scot Harmon (Administrator) & Patricia Clark, DM (CEO, Administrator)
