Residents/Family/Friends/Staff,

Return to New Normal: We are thrilled to have resumed our "new normal" operations as of this morning with residents comingling, 1st-floor dining, and large group activities back in full swing. We appreciate everyone's patience during this 2nd Covid-19 outbreak within the facility.

Hamilton County's Positivity Rate: has decreased to 10.65% through the week of 2/9. This is a 4.69% decrease over last week's reported positivity rate through 2/2.

Mask Guidance: There is lots of chatter on the news sites this week that as the Omicron wave subsides, mask guidance is expected to be updated. As always during the pandemic, guidance for the general community differs from that for the Long-Term Care setting. We will continue to monitor our regulatory bodies for changes related to our setting and will communicate them as they become available.

As always, if you have any questions please contact Heather Hefren hhefren@beechwoodhome.com (Director of Social Services), Scot Harmon sharmon@beechwoodhome.com (Administrator) and/or Patricia Clark pclark@beechwoodhome.com (CEO).
