Emotionally Preparing for Visits: Nobody expected in March of 2020 that our lives would be altered in such a significant way for such an extended period of time. As the pandemic improves, we look forward to our lives slowly beginning to resemble what we yearn for most which is to be together again. We encourage everyone to mentally prepare for a reunion long in the making. There may be tears of joy or sadness. We may not recognize one another as some haven't ventured into a salon for a year while others decided to keep the "No Shave November" beard. There are some new Residents that are eager to meet everyone and experience The Beechwood Home that we all know and love. Heather and Tom are always available to talk to Residents, but they are also available for family members so please do not hesitate to reach out. *Special shout out to Tim Wightman, thank you for all that you do 😊

Ohio Public Health Advisory System: Hamilton County remains "red". This indicates "Level 3 Public Emergency: very high exposure and spread. Limit activities as much as possible". See <https://coronavirus.ohio.gov/wps/portal/gov/covid-19/dashboards/other-resources/public-health-advisory-system> for more information.

Indoor Visitation (Active): Hamilton County's positivity rate has **declined** to 8.4%. This is a 1.4% decrease since last week's update and the county remains 'yellow' per CMS rating system. The indoor visitation program can continue as long as the positivity rate remains below 10%.
