

May 7th Update

Residents/Family/Friends/Staff,

Covid-19 Status: We have had no known positive resident cases of COVID-19!

Personal Shopping: For the extended period of time that family members were unable to come into the facility, many residents benefited from the personal shopping the Activities Department conducted on their behalf. As restrictions continue to relax, this department is resuming many pre-pandemic activities which no longer affords extended periods of time out of the facility. We ask that Residents and their loved ones coordinate on this topic going forward as much as possible.

Vaccine Clinic: Our next vaccine clinic will occur on 5/24/21 and Moderna will be administered. Residents and Staff that are interested in getting vaccinated please contact Sharmon@beechwoodhome.com.

Ohio Public Health Advisory System: Hamilton County remains “red”. This indicates “Level 3 Public Emergency: very high exposure and spread. Limit activities as much as possible”. See <https://coronavirus.ohio.gov> for more information.

Hamilton County’s positivity rate: has declined to 4.6%. The visitation program can continue as long as the positivity rate remains below 10%.

Help Keep Us Covid Free: If you are experiencing any symptoms of Covid-19 or an upper respiratory infection, please stay away from the facility.

Scheduled In-Room Visitation Please e-mail melder@beechwoodhome.com to request a visitation opportunity.

As always if you have any questions/comments/concerns please contact me, Scot Harmon (Administrator) or Patricia Clark (CEO).
