

July 30th Update

Residents/Family/Friends/Staff,

Covid-19 Status: We have had no known positive resident cases of COVID-19.

It's Back!: You guessed it everyone, Star Glazers is returning on Monday! We are very excited to host this beloved activity again as we take steps back to pre-pandemic life. Yesterday we also had our first live musician perform since March of 2020 which was enjoyed by those who attended.

Hamilton County's positivity rate: has **increased** to 1.9%. The visitation program can continue if the positivity rate remains below 10%.

Spectrum Upgrade: We appreciate everyone's patience during this longer than expected transition. There have been technical difficulties with some smart TV's which have required specialized technicians to resolve. If anyone feels that their TV is not working properly or you would like a large button remote, please let Social Services or Maintenance know.

Food Deliveries: Please inform delivery drivers that they need to drop off food items with the Receptionist/Security Guard as the drop off table is not an appropriate place to leave temperature sensitive items due to life safety code. Food items dropped off in this location will be thrown away as we are unable to verify how long the items have not been thermally regulated.

Help Keep Us Covid Free: Due to the significantly more transmissible delta variant now dominant in America, we continue to encourage everyone get a Covid-19 vaccine. If you are experiencing any symptoms of an upper respiratory infection, please stay away from the facility as the symptoms for covid-19 continue to evolve.

Open Vaccine Clinic: We would like to welcome anyone that is interested in getting a Covid-19 vaccine to our next vaccine clinic in about a month from now. The Moderna vaccine will be administered by Skilled Care Pharmacists. Please contact SHarmon@beechwoodhome.com if you or anyone you know is interested in participating. Together we make everyone safer by getting vaccinated. 😊

As always if you have any questions/comments/concerns please contact Heather Hefren, Scot Harmon (Administrator) or Patricia Clark (CEO).
