Dear Residents/Family/Friends/Staff,

Summary of Changes Since Last Notice:

While unfortunate but not unexpected, additional staff members and residents have tested positive for Covid-19. We are reporting ten (10) additional staff members and four (4) residents who have tested positive. This brings our total active cases to ten (10) staff members and four (4) residents. The facility has cumulative total of twenty (20) staff members and four (4) residents confirmed Covid-19 tests associated with the facility to date. The staff members have been placed on medical leave and removed from the schedule upon notification to minimize exposure risk to other Residents/Staff and will remain on medical leave until a physician certifies they are safe to return to work.

Action Plan.

Our revised action plan will mirror state and local guidance. Under this approach, we will test all residents and staff immediately. We will test again next week. If everyone is COVID free next week we will not test the following week. The Nursing Department will communicate with any identified residents and their responsible parties. Any subsequent positive test results will be communicated.
