Dear Residents/Family/Friends/Staff,

Summary of Changes Since Last Notice: We are reporting one (1) Staff member with confirmed PCR positive covid-19 test. This brings our total active cases to five (5). The facility has had a cumulative total of forty-one (41) Staff and twelve (12) Resident PCR confirmed Covid-19 cases associated with the facility to date. The staff member has been placed on medical leave and removed from the schedule upon notification to minimize exposure risk to other Residents/Staff and will remain on medical leave until they meet the mandated criteria to return to work.

Action Plan: Our action plan will mirror revised state and local guidance. Zero (0) Residents were identified as close contacts therefore there will be no outbreak testing for Residents and **our cautiously optimistic projected return to normal date of 10/21 remains intact.** We will continue our ongoing outbreak testing of Residents/Staff on Sunday and then on Wednesday. Unvaccinated staff are required to be tested twice a week and we will continue voluntary surveillance monitoring of vaccinated staff weekly. Any subsequent positive test results will be communicated.

Contact us with questions: If you have any questions about COVID-19 or the steps that we are taking to protect our residents, please contact Scot Harmon, Administrator, at 513-842-0774, sharmon@beechwoodhome.com.

Sincerely,

Scot Harmon,
Administrator
