Dear Residents/Family/Friends/Staff,

Summary of Changes Since Last Notice:

We are reporting one (1) additional staff member who has tested positive. This brings our total active cases to one (1). The facility has had cumulative total of eleven (11) confirmed Covid-19 tests associated with the facility to date. The staff member has been placed on medical leave and removed from the schedule upon notification to minimize exposure risk to other Residents/Staff and will remain on medical leave until a physician certifies they are safe to return to work.

Action Plan.

Our revised action plan will mirror state and local guidance. Under this approach, all residents were rapid tested this morning. **We're happy to report that all results were negative.** We will test all residents again next week and the following week. If all residents remain COVID-free throughout this period, we will revert back to testing of staff only. The staff will continue to be tested twice a week until Hamilton County's positivity rate falls below 10%. The Nursing Department will communicate with any identified residents and their responsible parties. Any subsequent positive test results will be communicated.
