

June 2, 2022

**Summary of Changes Since Last Notice:** We are reporting two (2) staff members with confirmed Covid-19. This brings our total active cases to three (3). The facility has had a cumulative total of ninety-eight (98) Staff and twenty-two (22) Resident Covid-19 cases associated with the facility to date. The staff members have been placed on medical leave and removed from the schedule upon notification to minimize exposure risk to other Residents/Staff and will remain on medical leave until they meet the mandated criteria to return to work.

**Action Plan:** Our action plan will mirror revised state and local guidance. Zero (0) Residents were identified as close contacts therefore there will be no outbreak testing for Residents. Unvaccinated/not up-to-date staff are required to be tested twice a week and we continue voluntary surveillance monitoring of up-to-date vaccinated staff weekly. Any subsequent positive test results will be communicated.
